

## Key Personnel

### Why David has been chosen for this project –

David has been involved in the road Microasphalt industry for over 32 years, starting out as a microasphalt operative then progressing into Crew foreman and then on to Supervisor, Senior Agent & now Manager for Colas Solutions.

David has been involved in several different specifications of Microasphalt, to fit the needs of Local Authority highways, carriageways & footpaths throughout the UK & Europe.

David also has extensive experience of Airfield Specification Microasphalt for the Defence Infrastructure Organization in the U.K.

David is now responsible for all operations of the Colas Microasphalt teams in Australia.

## Microsurfacing Manager David McLennan

### What David will bring to the project

- David has 32 years experience in the Microsurfacing industry, both in the UK and internationally. He is highly experienced in planning and managing various size contracts for local authorities, airfield and Dept of Defence.
