

Key Personnel

Crack sealing Manager Rob Minchinton

What Rob will bring to the project

- With the experience in both field work and administration Rob understands all aspects of the business from tendering and quoting through to ordering and application.

Why Rob has been chosen for this project –

Rob has been involved in the road construction industry for over 34 years, starting out as an asphalt operator then progressing into bitumen spraying and then on to Bitumen Spray sealing Supervisor. With his practical knowledge he was then promoted into an operations supervisor before Advancing to his current role as Crack Sealing Manager for Colas Solutions. Rob's experience encompasses bitumen sealing, asphalt laying, emulsions and polymer modified bitumen.

Rob started in the Asphalt and Bitumen industry in 1986 and carried out all aspects of the Asphalt/Spray sealing works including Paver operator, running of screed levels and Bitumen sprayer operation. Rob has spent the past 12 years in management and has been involved with major resealing works for local councils, Main Roads Department and RMS.

Rob is now responsible for all operations of the crack sealing crews.
